1. The first time your child is referred for a special education evaluation or if you request an evaluation;
2. The first time you file a complaint with the Minnesota Department of Education (MDE) in a school year;
3. The first time you or the district requests a due process hearing in a school year;
4. On the date the district decides to change the placement of your student by removing the student from school for a violation of the district discipline policy; or
5. Upon your request.

WRITTEN ANNUAL NOTICE RELATING TO THIRD PARTY BILLING FOR IEP HEALTH-RELATED SERVICES

Before billing Medical Assistance or MinnesotaCare for health-related services the first time, and each year, the district must inform you in writing that:

1. The district will share data related to your child and health-related services on your child's IEP with the Minnesota Department of Human Services to determine if your child is covered by Medical Assistance or MinnesotaCare and whether those services may be billed to Medical Assistance or MinnesotaCare.
2. Before billing Medical Assistance or MinnesotaCare for health-related services the first time, the district must obtain your consent, including specifying the personally identifiable information that may be disclosed (e.g., records or information about the services that may be provided), the purpose of the disclosure, the agency to which the disclosure may be made (i.e., the Department of Human Services) and which specifies that you understand and agree that the school district may access your (or your child's) public benefits or insurance to pay for health-related services.
3. The district will bill Medical Assistance or MinnesotaCare for the health-related services on your child's IEP.
4. The district may not require you to sign up for or enroll in Medical Assistance or MinnesotaCare or other insurance programs in order for your child to receive special education services.
5. The district may not require you to incur an out-of-pocket expense such as the payment of a deductible or co-pay amount incurred in filing a claim for health services provided, but may pay the cost that you otherwise would be required to pay.
6. The district may not use your child's benefits under Medical Assistance or MinnesotaCare if that use would: decrease available lifetime coverage or any other insured benefit; result in your family paying for services that would otherwise be covered by the public benefits or insurance program and that are required for the child outside of the time your child is in school; increase your premiums or lead to the discontinuation of benefits or insurance; or risk your loss of eligibility for home and community-based waivers, based on aggregate health-related expenditures.
7. You have the right to receive a copy of education records the district shares with any third party when seeking reimbursement for IEP health-related services.

You have the right to stop your consent for disclosure of your child's education records to a third party, including the Department of Human Services, at any time. If you stop consent, the district may no longer share your child's education records to bill a third party for IEP health-related services. You can withdraw your consent at any time, and your child's IEP services will not change or stop.
